BUILDERS RISK SINGLE SHOT PROGRAM USER GUIDE

What is Builders Risk Insurance?

Builders Risk Insurance is coverage that protects a person's or organization's insurable interest in materials, fixtures and/or equipment being used in the course of construction, remodeling or renovation of a building or structure, should those items sustain physical loss or damage from a covered cause.

Building and structure in the course of construction are limited to:

- 1** Materials and supplies that will become a permanent part of the building and structure:
- 2** Foundations, excavations, grading, filling, attachments, temporary fencing, and other permanent fixtures:
- 3** Scaffolding, construction forms or temporary fencing at the "jobsite"; and
- 4** Temporary structures at the "jobsite"

Eligibility

- "Ground Up" type construction: New, Remodel or Renovation projects. SIPs (Structural Insulated Panels) are not eligible.
- Residential (1-4 unit dwellings) or Commercial
- 1-3 Stories (higher stories available with approval)
- Protection Class 9 & 10: Frame up to \$500K, Joisted Masonry up to \$1M, Masonry Non-Combustible or better up to \$2M
- Single Building limit up to \$10,000,000 (higher limits available with approval) Risks over \$3M require underwriter review
- 1 Building per policy (Multi-unit structures are considered 1 building. Units cannot be written as a separate policy.)
- Building must be unoccupied for coverage to apply
- Existing structure 1955 or older require underwriting review

Features and Benefits

- Flexible terms: New Business
3, 6, 9, 12, & 18-month terms
- Competitive Pricing
