

Financial Stability Rating®: A, Exceptional — Demotech, Inc.

The following information provides an overview of the admitted programs and may not be considered a replacement for Underwriting Guidelines.

HOMEOWNERS **HO3**

General Eligibility

- ❁ Primary, Secondary, or Seasonal homes.
- ❁ Coverage A \$200,000 to \$2,500,000. Values above \$2,500,000 must be submitted to Underwriting for review.
- ❁ Year built eligibility for online binding^ is 1960+. Homes built between 1920 and 1959 are eligible for online binding^ if Coverage A is \$750,000 or greater with Underwriting approval prior to binding, subject to acceptable updates within the last 20 years.
- ❁ Maximum 10 acres. More than 10 acres may be referred to Underwriting. Risks with animals that are not domestic pets require Underwriting approval.
- ❁ Homes with a Coverage A of \$750,000 or higher in a Protection Class 10 must be in a secured community and require a current monitored fire and burglar alarm.
- ❁ Risks with a lapse in coverage over 45 days will require Underwriting approval and have the No Prior Insurance surcharge applied.

Coverage

- ❁ Water Limitation of \$10,000 is required for homes over 40 years old. Full water coverage may be available with proof of an active leak detection system with automatic shutoff or complete acceptable replumb within the last 15 years.
- ❁ The \$10,000 Water Limitation is required for homes with Polybutylene plumbing or homes with PEX Plumbing installed before 2001.
- ❁ Solar panel, solar roof, and solar water heating system coverage is excluded. Property coverage for solar panels may be added by endorsement. Net metering is eligible. Leased solar panels are not eligible for buy-back coverage.

Coverage Options

- ❁ Up to \$1,000,000 in Liability coverage available.
- ❁ Valencia Package Endorsement available.

Roof Requirements

- ❁ Roof - Online Binding Eligibility^ (see Roof Matrix).
- ❁ All roofs, regardless of age, must be in good condition.
- ❁ Homes over 15 years old with flat or low-sloped roofs are ineligible unless constructed of reinforced concrete (under heat/air).

Inspections

- ❁ Homes 30 years and older require a current and favorable 4-point inspection with color photos.
- ❁ A Wind Mitigation Inspection is required only when the wind loss mitigation features exceed those automatically applied.
- ❁ An interior/exterior inspection may be required on new business.

Discounts

- ❁ Accredited Builder discount available for homes built by select builders.
- ❁ In-Agency Auto Discount available when the agency also writes the Member's auto policy.
- ❁ In-Agency Policy Transfer Credit applies if the prior carrier's policy lists the same agent of record and either the insured location or Member name.
- ❁ Secured Community Discount available for single-entry, 24-hour patrol, and/or manned or passkey gates.
- ❁ Flood policy discount may be available if an Orange flood policy is written by the same agent.

IMPORTANT NOTES

Traditional water heaters inside the home over 15 years old, or in the garage over 20 years old, are ineligible. Tankless water heaters inside the home over 20 years old are ineligible; no age limit for tankless outside the home.

No knob & tube, cloth insulated, or single-strand aluminum wiring (AlumiConn, COPALUM refer to Underwriting).

No active fuses or double tapped breakers; 100 AMP minimum. Ineligible service panels and breakers are Federal Pacific, Stab-Lok®, and Zinsco.

^ Per F.S. 627.7018, any age home is eligible, depending on wind resistance. Per F.S. 627.7011, roofs not eligible for online binding may be submitted unbound for additional review. Please refer to Underwriting.
